The "One Part" Player

By SADIE MARTINOT. Star of "The Marriage Game"

LIKE many actresses, I believe that THE "ONE PART" AC-TRESS OR ACTOR IS NOT OF MUCH ACCOUNT. The player who makes a pronounced hit in a certain role is not necessarily a great performer, but let that same

person score a success in another character of a widely different nature and I am prepared to admit that talent, and not accident, was the compelling force.

BUT NOWADAYS A PLAYER IS HIRED FOR A CERTAIN PART BECAUSE OF HIS OR HER PECULIAR ADAPTABILITY TO IT.

For a season, and perhaps longer, no opportunity is given to appear in any other.

You may suggest that I have pointed out no remedy. The beginner is prone to say that while it was possible some time ago to get an engagement with a stock company it is not possible now. That is, however, a grave error. There are at the present time scores of theaters in this country in which stock companies of real merit are maintained. These houses have regular clienteles and are obliged to present a different play each week. The effort is also made to provide variety of entertainment-comedy one week, drama the next, farce the next, melodrama the next, and so on.

It must not be supposed that it is an easy matter to get into one of the out of town stock companies. But there is still the traveling repertory organization. One can at least learn the rudiments of the art of acting and makeup, and that is more than sufficient to compensate for all the sacrifice which may be necessary. It is early enough then to begin the search for bigger game, and if one is competent, with the training acquired in the humbler organization, the quest is almost certain to be rewarded with success. Too many players regard the salary without reference to the possibilities for artistic develop-

WANTED-AN ... **ENDOWED THEATER**

endowed theater is an old idea of mine. I believe that such a playhouse would be a tremendous benefit to the public not only from an amusement

point of view, but as a factor in education. Its influence would be enormous. WE HAVE SCHOLARSHIPS FOR THOSE ENGAGED IN THE PURSUIT OF LEARNING, AND SCHOOLS OF PAINTING AND OF MUSIC ARE RICHLY ENDOWED. WHY SHOULD THE THEATER BE LEFT IN THE COLD?

By SIR

HENRY

IRVING

At any rate, the experiment of an endowed theater would, I think, be well worthy of a trial.

Such a theater would of course be devoted, I take it, to the perthe proper work of the stage and the miscellaneous production now so often seen in the theaters would be finely drawn. It may be that in years to come our fellow citizens will find it difficult to realize that in these days so vast an investment for good or for ill was left so entirely neglected by the administration of the public.

It is impossible in ordinary circumstances for a private individual to run a theater mainly for the production of Shakespeare and other classical dramas. It is true that I did it myself for many years at the Lyceum, and experience has brought my conclusions.

Woman Is Man's Superior

IE sex which is so greatly superior to men in patience, constancy, endurance of pain and hopefulness we have no right to call feeble minded.

One might even turn the tables. All deviations from the standard of intelligence, reason and humanity, like stealing, murdering, brawling, excessive drinking, gambling, defrauding, the conceit of

kings and anarchists, are based upon mental defects, upon at least partial feeble mindedness. Considering that fact, the masculine sex, which seems to bear A HEREDITARY TAINT OF CRIME, is decidedly at a disadvantage compared with the feminine sex. Even if we assume that the virtues of our judges and poets, our soldiers and scientists, make up for that disadvantage, MAN SURELY HAS NO JUST REASON TO CONSIDER HIMSELF SUPERIOR TO WOMAN.

If we were to throw all the acts of malice and infamy committed by the "strong" against the "weak" sex since the creation of the world into one heap, they would form a mountain reaching from the earth to the sky. Wherever we go we find the same masculine egotism and mean ingratitude toward our mothers and sisters.

Man is undoubtedly the greater beast of prey. In every case, as head of the family or as legislator, as poet or as merchant, he is more brutal and selfish than woman. Where woman takes the upper hand, as, for instance, in ruling the household, she gains the victory not by brutal force, but by her superior intelligence and the clever utilization of circumstances, characteristics and weaknesses.
